Technology Serves Human Health

Features

Relaxed

The quick-release connector design enables fast and easy installation, eliminating tedious operation. It takes just one second to connect or disconnect the tube. Compared with similar products on the market, it is 5-10% lighter, redefining a lightweight and burden-free wearing experience.

Stable

The unique intelligent buffer bracket can effectively reduce the impact of airflow, ensure the stability of the mask and prevent air leakage, make every breath efficiently and smoothly.

Comfortable

The self-adaptive silicone pad fits the facial curve, gently wrapping around the face to reduce nasal bridge pressure while fitting diverse face shapes. It flexibly adapts to your every movement, creating a natural, barely-there wearing experience.

Quiet

Keep you and your family away from noise disturbances. Low-noise exhaust design ensures quiet breathing and an immersive sleep experience.

Breathable

The headband is made of highly breathable and skin-friendly material. Lightweight and fits well, reducing stuffiness and friction. Seems like a second layer of skin, comfortable to wear to sleep peacefully.
